TUESDAY, NOVEMBER 23, 1909.

Hardwick is certainly on the map when it comes to counting up deaths by violence.

Roosevelt's latest hunting bag—one roan buck, one hartbeest, one oriole, one singing lark, one bobolink, one kish. Can you place one of them?

The Omaha man who nominated Bryan at the Denver convention has been disbarred from practicing before the Nebraska supreme court. Dunn, so to speak.

Mrs. Betty Green, "formerly of Bellows Falls," is 75 years old and worth \$100,000.00. There's a splendid opportunity for making a happy "sunset of life," not the least feature of which might be thoughtfulness for others than her own kin.

Someone kindly tap the Rathskellar Phoenix on the shoulder and awaken it from a Rip a Va Winkle sleep. The contemporary last week alluded to the Times as the Barre "Enterprise." Long since, brooding, The Enterprise was gathered to its fathers, after performing a good work in Barre.

## NATIONAL GUARD RESIGNATIONS.

It must be more than a coincidence that four captains in the Vermont National Guard have resigned within two weeks. Capt. Waterman of the Rathskellar company, Capt. Mosley of Northfield, Capt. Parker of Burlington and Capt. Cushing of St. Albans, four of the leading militia men of the state, are the ones who have handed their commissions to Adjutant-General W. H. Gilmore. Governor Proctor could do a fine thing by having an investigation made of the conditions in the Vermont National Guard which should cause these four men to lay down their commissions at this time. If the conditions are not such as to encourage good men to remain in the leadership of companies, they ought to be remedied; at least, the public ought to know whether the fault is purely local, or whether it lies higher up in the management of the military arm of the state. Four resignations within so short a time cannot be overlooked.

## TO-NIGHT'S CITY MEETING.

Owing to the fact that the money market in the financial centers has not been so free as it is expected to be by the coming spring, the bond issues authorized by two meetings of Barre citizens to cover the cost of erecting the Camp street schoolhouse and to build the Orange brook storage reservoir, have not been made. Nevertheless, the work of erecting the schoolhouse and of building the reservoir has been continued without hindrance, owing to the fact that there was money enough in the city treasury to carry along the financing of the two projects; and there is still enough of a balance to complete the work up to the end of the present month. At the expiration of that time, the city will have to draw on some source for money, and since it does not seem feasible to raise the money by bond issue at this time, the citizens will be asked to either rescind or modify their two votes in meetings last April and July, which authorized the bonding, and to issue notes for temporary loans, aggregating about \$40,000, in anticipation of the issuance of bonds next April, or hereabouts. City Clerk Mackay expresses the opinion that a loan of \$40,000 will carry both the projects along satisfactorily until April, and that by that time the city will be able to get a better bargain on its bonds. Heretofore, Barre has had good fortune in floating its bond issues at advantageous quotations, and it is thought that by spring equally good figures can be obtained. Therefore, the propositions which come before the city meeting this evening will be to either rescind the previous votes entirely or to modify them so that the city can postpone the sale of its bonds and issue its notes for temporary loans to cover the cost of construction until next spring. It is said that good quotations on temporary notes can be secured at this time, thus making it appear like an economical move to make.

## AMUSEMENT NOTES.

"The Volunteer Organist" at Barre Opera House Wednesday Night.

Modern stage realism it is admitted has reached the acme of perfection. There is not an invention known to art of the stage carpenter that has not been introduced at our play houses, and in these days of scenic production anything novel in the way of effect is certain to command immediate attention. When William B. Gray, the well-known playwright, wrote the popular pastoral drama, "The Volunteer Organist," which is to be produced at the opera house on Wednesday evening November 24, he had one ambition in view outside of making his play appeal to all classes of theatre-goers, and that was to have the scenic and of it as up-to-date as possible. In the third act of Mr. Gray's play, there is a church scene which has been pronounced by able critics as being the most absorbing part of an exceptionally interesting play. In fact, this scene has been made so true and real, that as soon as the curtain rises on it, one is immediately transferred into the realm of all that is holy.

## Johnson-Ketchel Fight Pictures.

Once again it was proven that a good little gun is not an equal match for a good big man. Jack Johnson defeated Stanley Ketchel in one of the most sensational fights ever witnessed in this or any other country, but he did not disgrace the game white boy, who went out of his class to attempt something that no other fighter dared to tackle. The pictures of this now historical battle have been secured for a special exhibition at the Barre opera house next Friday afternoon and night, November 26.

## "A Pair of Country Kids."

"A Pair of Country Kids," a rural comedy drama, is the play announced at the opera house for Saturday, matinee and night. The country kids are a lively pair and seem to be making a large number of friends everywhere. The play is highly spoken of as a clean up-to-date rural comedy drama, true to nature and with all those lovable folks "down on the farm," that we all remember after we have moved to the city, or that we meet every day with the homespun folks. This company is made up of real actors who can act, sing and dance and will give you an evening of genuine amusement and you will surely laugh at the kids, for they are busy constantly getting in and out of mischief.

## DUST

Is a General Nuisance. Causes Sickness.

## Dusty Friday No More

## DUSTBANE

is a green colored powder, packed in tin cans ready for use. In sweeping a carpet, take one or two handfuls, according to the dust. Sprinkle where you are to begin (not all over the carpet), then sweep as you always do. The powder is swept ahead of the broom and falling on the carpets absorbs the dust, leaving the carpet clean and bright. The dust is not thrown into the air to settle back on the carpet and furniture.

DUSTBANE should be used in sweeping carpets, rugs, straw matting and bare floors.

WHY YOU SHOULD USE DUSTBANE  
IT SAVES LABOUR IN SWEEPING  
IT SAVES ONE-HALF YOUR DUSTING  
IT SAVES YOUR CARPETS AND RUGS  
IT SAVES DAMAGE BY MOTHS  
IT SAVES TAKING UP CARPETS  
IT SAVES YOUR HEALTH  
IT SAVES YOUR MONEY.

## SANITARY POINTS

SICKNESS AND DISEASE are often contracted by breathing into the lungs germ-laden dust. DUSTBANE contains an antiseptic fluid which kills germs. The evaporation of this fluid while sweeping thoroughly disinfects the room. "An ounce of prevention is worth a pound of cure."

## It Costs Nothing to Try

BARRE GROCERS are authorized by the manufacturers of DUSTBANE to send you a 35c can of their Sweeping Compound. They want you to use this on trial for one week. At the end of this period if not found satisfactory we will take it back and there will be no charge for the quantity used.

If it does away with dust on sweeping days you want.
